

## Special Message from Steve Goeser, President and CEO, Methodist Health System:

Each year when employee service recognition celebrations are announced, I can't help but swell with pride.

To be the president and CEO of this health system is truly one of my greatest honors. Whether it's the notes I receive, the phone calls I get or people who stop me publicly, the comments always focus on the outstanding experience someone had while receiving care within our organization. While our focus is often on the clinical efforts, every person in the health system plays a part in making an experience exceptional.

To thank you for your service to Methodist Health System, you and all Methodist employees are invited to celebrate at receptions in your honor.
